FEDERAL VETERAN OFFERS RAISE VOLUNTEER COMPANY IN COUNTY

Capt. Brooks Advised By Governor That Instructions Awaited From Washington

Capt. W. H. Brooks, the popular federal veteran, and father of T. H. Brooks, superintendent of the Decatur-Birmingham division of the L. & N. railroad, is in receipt of a letter from Governor Henderson in regard to plans for volunteer forces for Morgan county to enter the world war.

The governor had written Mr. Brooks thanking him for his patriotic concern to raise a volunteer force from Morgan county in this time of national crisis, but the governor further said that as yet he was without instructions and without authority to grant the captain's request and would

write to him so soon as he had received advices from Washington.

Captain Brooks fought all the way through the civil war, volunteering as a private, but was soon promoted to a commissioned officer with the rank of captain. As an illustration of the leniency of war in civil war time as compared to the present conflict, it is related that one of his men once called Captain Brooks' attention to a southern soldier who was looking through the bushes and seeking to spy out the Union position. On request to know if he should shoot the intruder, Captain Brooks replied, "No, let him alone, he will go away soon."

SOUTH AMERICA IS RIPE TO ENTER WAR

Bolivia, Argentine, Uruguay and Perhaps Chili Are Becoming Belligerent

(International News Service.)

Buenos Aires, April 14.—Anti-German manifestations which followed the official announcement of the sinking of the Argentine ship Monte Protegido were intensified today by the news that Bolivia has broken off diplomatic relations with Germany.

The government is investigating reports carried in press dispatches that the ship was shelled by a U-boat before being sunk.

Meantime police and military authorities are preserving order here.

If the government's hand is forced by popular feeling it is expected that Chile will reverse her neutrality stand.

(International News Service.)

Rio Janeiro, April 14.—The government has been officially informed that a German raider has been seen off the north coast of Brazil.

URUGUAY TO STAND BY BRAZIL IS REPORTED.

Fate of ship unknown. Crew all saved; brought to Almeria by Danish schooner."

BAPTIST YOUNG PEOPLE TO ELECT OFFICERS TONIGHT; END MEET SUNDAY

ABOUT 250 DELEGATES ARE PRESENT AT CONVENTION AND GREAT INTEREST MANIFESTED IN THE PROGRAM.

GEN. JEFFRE BAPTISTS HOSTS

FEATURE NOT ON PROGRAM IS DONATION OF \$100 TO PURCHASE BICYCLE FOR NATIVE CHRISTIAN IN CHINA.

The important business session of the Baptist Young People's Union convention will come tonight at the Central Baptist church with the election of officers and the selection of the next place of meeting.

The program as previously outlined for the morning session today was carried out in detail, an interesting feature not on the formal program being the raising of a subscription of \$100 to be used by Dr. K. O. Hearn, a missionary to China, to purchase a bicycle for his Chinese helper. Dr. Hearn is a brother of Rev. L. L. Hearn, pastor of the South Side Baptist church. The incident caused a great deal of interest among the delegates.

About 250 delegates are here for the convention which closes Sunday night, great interest being manifested in the meeting.

Night Session.

Hospitality from the local to the state unions was the dominant note of the first session of the annual convention of the B. Y. P. U. of Alabama, when it met at the Central Baptist church last night. The "good fellowship" which had begun to exist at the church meeting at 7:45, grew into a flood of hospitality at the reception in Malone's garage, which was held from 9 to 10:30 o'clock.

Under brilliant lights and surrounded by tasteful decorations, for an hour and a half the young people had a delicious fling into the enchanted land of social happiness. David Gibson, president of the local union, had given his guests an earnest welcome, and when he especially welcomed the number of soldier boys who were present in uniform, he was cheered most heartily by the large convention which completely filled the church auditorium and part of the Sunday school room.

Promptly at 7:30 the initial session was formally opened by C. A. Wagner of Montgomery, state president of the B. Y. P. U., and with Miss Clara Worthington, presiding at the organ the entire audience arose and sang "All Hail the Power of Jesus' Name," followed by devotions led by Rev. J. H. Chapman, pastor of the First Baptist church of Florence. Dr. Chapman made a most thoughtful and suggestive statement of what true devotion is.

Formally Welcomed.

In behalf of the Decatur B. Y. P. U. Dr. J. A. Cook gave eloquent words of welcome. He said that he hoped all who had not would form sweet hearts-unions, and that all old sweethearts would let him unite them in marriage as soon as the convention was over. Dr. Mays, in behalf of Albany, was very happy in his words of

BIG PROBLEMS UP WHEN WAR COUNCIL MEETS IN AMERICA

Separate Peace For Turkey And Bulgaria Probably Be Considered

GENERAL JOFFRE TO REPRESENT FRANCE

Every Precaution Being Taken To Protect Envoys Of Allied Nations

(International News Service.)

Washington, April 14.—The international war council to meet in this city so soon as its members can reach here will be the most important in the history of the great conflict.

It will devise plans for advancing work along every line of war endeavor. It also will decide whether it is possible to divide the Teutonic alliance by granting a separate peace to Turkey and Bulgaria.

Although denial continues to be made that these two latter nations have made any move toward peace, leading diplomats here say that a direct proposition has been conveyed to Russia. No details whatever are available as suggestions were in the nature of a "feeler." It will, however, be considered with other questions of a similar character as soon as the conference gets down to business.

Joffre is Coming.

All arrangements for the welcoming of the Anglo-French high commission have been made. The British mission will have a fashionable section of the city set aside for its use. The French commission, which will include former Premier Viviani and Field Marshal Joffre, will have an entire floor of a local hotel set aside for its members.

The most elaborate precautions for the protection of the commissioners have been taken and no announcement of their movements is expected until the members are actually here in Washington.

Foreign Secretary Balfour and his aides will be here next week. The French commission will not arrive for several days afterwards.

The questions to be considered here have been outlined as follows: How best to distribute the loan of \$3,000,000,000; how the naval forces of the United States can be best utilized to aid in crushing the German submarine menace; how the expected assistance of Latin-America can be used; whether American troops shall go to the front and whether they are most needed in the east or the west; how best to open a line of uninterrupted communication into France so that the danger of famine now existing there will be removed.

It is also believed that terms on which the entente and its new ally will make peace will be discussed. No official information is available regarding the efforts which the Swedish government is making to arrange for a peace conference. Officials here say that any peace suggestion under existing circumstances could not be considered.

AN ORDINANCE.

Be it ordained by the City Council of the City of Albany, Alabama, as follows, to-wit: Section 1. That any person, firm or corporation engaged in exhibiting moving pictures in public places, or in places to which the public is admitted whether with or without charge of admission thereto, and within the corporate limits of the City, shall hereafter obtain a written permit from the Mayor of this City, before exhibiting any moving picture in any such place, within the corporate

CARDINAL O'CONNELL'S ADVICE.

The advice given Americans by Cardinal O'Connell, of Boston, noted Catholic prelate, is certainly worth the earnest consideration of the nation. It breathes a spirit of lofty patriotism that is inspiring. And what is best, it shows that Americans of all creeds are working shoulder to shoulder together to prosecute this war of liberation.

Cardinal O'Connell's statement is as follows:

There is, but one sentiment permissible today—that sentiment is absolute unity. Our country is at war—our nation therefore needs us all, every man, woman and child of us, to strengthen her, to hearten her, and to stand faithfully by her until her hour of glorious triumph shall arrive.

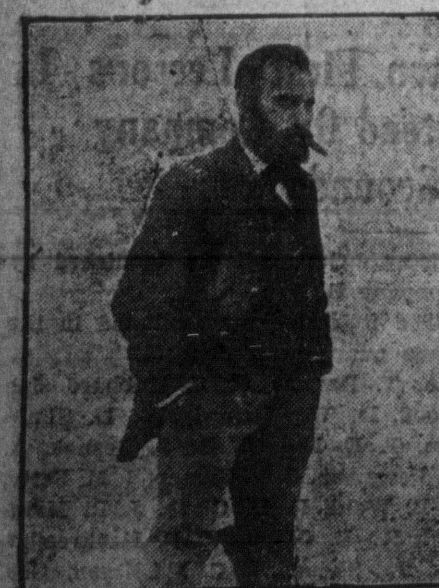

We are of all races; today we are one—Americans. Whatever we can do in honor and justice that we must in conscience do to defeat our enemies and make our flag triumphant. Let us hasten now to act. We have spoken enough. May God preserve and bless America.

BLOODWORTH MAKES GOOD.

(Huntsville Mercury.)
 Recruiting Officer Posey said today: "Every paper I pick up has a great long write-up about the young Mr. Bloodworth of Albany. I didn't know him nor did he tell of his qualifications which the papers say he so ably possesses. I did, however, know by a mere glance that he was a desired recruit for the service and I felt so sure of my judgment of the young man that I wrote out his enlistment papers putting him down as a yeoman at \$44 a month and all allowances. A yeoman is a clerk. I predict that the ship officers will further promote Mr. Bloodworth. They are some men who won't stay on the ground and I thought he was of that class before I saw so much about him in the newspapers."

Indictments Against Paper Trust Men

New York, April 14.—Charged with controlling 56 per cent of the news print paper production of the country and using their power in restraint of trade in violation of the Sherman anti-trust law, six paper manufacturers and a banker prominent in financing news print paper companies were indicted by the federal grand jury here Thursday.

Five of the manufacturers constitute the executive committee of the Newsprint Paper Manufacturers association. S. H. Steele, secretary of the association, was not named as a defendant because he was a witness before the grand jury. The men indicted are George H. Mead, Phillip T. Dodge, Edward Backus, George Chachoon, Jr., G. H. P. Gould, Frank J. Sensenbrenner and Alexander Smith, a Chicago banker.

A THOUGHT FOR THE SABBATH AND EVERY OTHER DAY.

BY OBSERVER.

The little sword-like leaves of the "shame" flower are "shameless" if its branches and root are dead, and they will not shrink away from the touch of the hand. Your soul is dead if you have no sense of shame. Unless, which is unthinkable, you are like Prince John, of Austria, in F. Marion Crawford's book "In the Palace of the King," who said of himself that he had never done anything to be ashamed of. It is the gift of those of high soul vitality to be susceptible to a sense of shame.

The girl who cannot blush does not keep boys awake at night. Jenny Wrenn, the quintessence of completeness, in the nursery story, "Cock Robin and Jenny Wrenn," is said to have blushed so much that her face was as red as Robin's breast. The reason that a blush is so delicious to see is because it reveals a wealth of the sweetest and most beautiful character.

Be it said to their everlasting glory that our first parents, immediately following their reported first sin, hid themselves, and also made for themselves aprons of fig leaves.

In what a great contrast is the conduct of Adam and Eve to that of their modern children. Foreign Minister Zimmermann and Chancellor Von Bethmann-Holwegk (who incidentally, by way of Adam are our brothers; and

further, are none too good) who, when caught in leathesome under-handed methods and vile signs against humanity, did acknowledge their acts and shamelessly seek to justify themselves before an outraged world.

With these men's conduct in mind, it would seem that "gravitation" and not "evolution" describes men's course since the time our first parents. But let there be thanks that Woodrow Wilson has thrown the Western Hemisphere into the balance against the dead weight of the dead hearts of central Europe and against their lies and their deceptions that have deceived so serious-minded people and against their murder and their rapine.

It is better almost to lie about having done a vile thing than in a shameful spirit to acknowledge it and parade it before the world as these German diplomats did. Candor does not expiate crime or atone for sin. In fact, we are told in the scripture that our Godly sorrow and also God's personal efforts are necessary in order that our sins may be removed as far as the east is from the west. Finally, it is when a man is in a shameful frame of mind that he is at his extremity, it is then that angels come and minister unto him; and it is man's extremity that is God's opportunity.

Grand Jury Urges Repair Of Morgan

(Continued from Page One.)

ers of Morgan county at once make the many needed repairs on the building so as to keep it in a presentable condition in keeping with the pride of the county and commensurate with the importance for which it was erected.

We also recommend that suitable toilets be installed at once on the second floor of the building and no argument is necessary to force the fact that the need of them is imperative.

We recommend that the commissioners at once look into the condition of the pikes of the county. During our investigation we find that they are being neglected and unless something is done to repair them, it will only be a few years until the large amount of money spent in building pikes will be lost.

We desire to thank your honor for your able and instructive charge and all the officers for their punctual attention to us.

Chinese Silk Production.

The general guild of the silk trade at Shanghai, a Chinese organization, is reported to have taken up on a practical basis the question of the improvement of the methods of silk production in China. Japanese silk is generally regarded by experts as naturally inferior to Chinese, yet the export of steam silk from Japan has been increasing in recent years by leaps and bounds, while that from China has been at best no more than holding its own. Two representatives of the guild have been appointed to go to Japan and study the methods in use there.

FAMOUS AMONG WORLD MINES

Labor Troubles and High Dividends of Broken Hill District of Australia.

Broken Hill, in New South Wales, is perhaps the most famous mining district in Australia, noted alike for containing the largest lead-silver mine in the world and for its endless labor troubles, the National Geographic Magazine states. These two claims to fame are closely related, for the richness of the ore bodies and size of the dividends have incited the miners to "get their share." The crude ore runs 16 per cent of lead and zinc and 11 ounces of silver to the ton. From a lode ten to three hundred feet wide and two miles long, ore to the value of \$383,000,000 has been extracted. One of seven shares of the original proprietary syndicate, valued at \$500, afterward was quoted at \$11,000,000.

The Broken Hill mines have changed the map of Australia. They support in the desert a city of 33,000 people, a privately owned railway 250 miles in length, leading to a port in an adjoining state, and at the head of the railroad the smelter town of Port Pirie, with a population of 15,000.

The Broken Hill mines supply the bulk of the lead, silver and zinc annually exported from Australia; the zinc until 1914 going chiefly to Germany for the manufacture of munitions. It is not at all unlikely that volunteers from New South Wales have met their death from shrapnel made from zinc and copper which they had previously mined.

To Our Friends And Customers

The cost of making our building brick has increased so much that we find it necessary to advance our prices 50 cents per thousand, making \$9.00 per thousand delivered at buildings, and \$7.00 at our yards.

You are all aware of the difficulty of getting coal, and we are paying more than double the price now for our coal, and as coal is the largest item of expense in our product, and other materials costing so much more besides, it is absolutely necessary to make this advance.

Remember that brick is the best material for your buildings, and always the cheapest in the end.

TO TAKE EFFECT FIRST OF MAY.

Yours very truly,

FREE FROM PAIN

And No Longer Nervous, Since
Taking Cardui, Says Georgia
Lady.

Trenton, Ga.—Mrs. Ellie Gifford, of this place, writes: "I have always suffered... but was worse after marriage. I would have... pains and misery in my stomach and hips. I would have a bad sick headache every time, which would generally last two days. I had always heard what a good medicine Cardui was, so I thought I would try it. I used two bottles and it helped me.

Fifteen months later I began to be nervous and was worse at my... But at these times I did not have any pain and do not now suffer any pain. But I was very nervous, so nervous that my hands would shake. Any noise would make me jump. So I took two more bottles of Cardui. I have never been nervous since... and do not have any pain. I think this is all due to Cardui and Black-Draught."

Cardui, the woman's tonic, is composed only of pure, vegetable ingredients, which have been recognized for many years by standard medical books as of medicinal value, in the treatment of many diseases peculiar to women. Try Cardui.

SOCIETY

Margaret Clinton Shelton Phone 682, Albany

FORGIVEN.

I used to hate Bill Hazelton, for once he done me wrong;
And when I hate a man, my hate is deep and wide and strong.
We traded horses years ago; the one I got from him
It seemed was crippled up somehow in almost every limb.
He lied like sixty, and I vowed some time I'd break his head;
But—Well, let bygones be bygones—his little boy is dead.

I used to love the girl he got, I guess she loved me, too;
But he went tellin' her a lot of things that wasn't true.
I found it out long afterwards, when I had ceased to care,
Because I'd learned to love again—but still it wasn't fair.
And so I vowed to make him eat the words that he had said;
But—well, let bygones be bygones—his little boy is dead.

Last night I met him in the road; it was a lonely place.
Lord, how I'd often wished that I could meet him face to face!
I know that in a stand-up fight he'd have no chance at all—
I'm six feet in my socks, and he is scrawny-like and small.
He looked up at me when we met; I seen his eyes were red.
And—well, let bygones be bygones—his little boy is dead.

I've found out what it is to love a child that is your own—
To have a little chap around that worships you alone.
I've found out what it means to watch a little face grow pale,
And know what it means when all the doctor's efforts fail.
Poor Bill! I'm sorry now because of certain things I've said.
For—well, let bygones be bygones—his little boy is dead.

The following is another testimonial of the excellence of the work of Dr. Minor C. Baldwin, who is to appear at the Westminster church Tuesday evening, April 17th:

St. Joseph's College.

Dubuque, Iowa.

Dr. Minor C. Baldwin, the world's greatest concert organist, opened the new pipe organ at St. Joseph's college chapel on Thursday evening, and musical Dubuque sat enchanted by the mastery of his work. The wildest expectations of the large number of music critics was more than realized in both, and the audience could only sit and marvel at the wonderful talent of the man at whose touch the mighty instrument gave forth waves of melody such as few present were ever privileged to listen to. It was a musical triumph pure and simple and an attempt to convey to those not present an idea of Dr. Baldwin's powers would fail. He must be heard to be appreciated, and once heard, the impression created is never forgotten.

Miss Katherine Hawkins, en route from Birmingham to Courtland, was the guest of Miss Florence Phintzy Friday.

Misses Margaret Penick, Pansy Russell, Kathleen Almon, Madge Bullard, chaperoned by the teachers, attended the ball game at Athens Friday.

While there they were the guests of Miss Bert Yarbrough.

Chaperoned by Miss Milligan, a dozen boys and girls are enjoying a picnic at Austinville today.

Clifton Saunders, little son of Mr. and Mrs. Chf. Saunders, is very ill.

The infant son of Rev. and Mrs. W. B. Strong, has an attack of pneumonia.

Tulips in their glory, in abundance and in variegated colors, adorn the lawn at the home of Mrs. E. H. Allison on Gordon Drive. It is well worth a visit to see these beauties. They are many and most attractive.

Miss Elizabeth Kuhn has returned from Daytona, Fla., where she spent the winter.

Mr. and Mrs. S. F. Otte have returned from Cullman, where they visited during the Easter holidays.

PERSONALS

W. P. Adams, who for several years has traveled this territory for Liggett & Meyers, has accepted a position with C. C. Snider Co., of Birmingham, and will travel North Alabama. His many friends here wish him success in his new line.

Wilmer Hall will arrive from Birmingham tonight to spend the weekend with his parents, Mr. and Mrs. W. N. Hall.

H. L. Turner left today for Mobile, where he goes to attend the State C. E. convention. He will be away about a week.

Lieut. Lewis Gover left Friday night for Washington to join his ship.

HAD BECKETT TURK MOTHER?

Legend That Has Long Been Current in England, Notably About Christmas Time.

The month of December holds among its saints' days the commemoration of Thomas a Becket, archbishop of Canterbury, assassinated in the cathedral on the 29th of the month in 1170 by four courtiers of Henry II—Reginald Fitzurse, Hugh de Morville, William de Tracy and Richard de Breton, an exchange says. The legend of Becket's parentage is a favorite in England about Christmas time, and the story has long been in dispute among some eminent historical authorities.

This is the legend: Gilbert, his father, in his youth followed the Crusaders to Palestine, and was taken prisoner by a Moor of high rank. His personal attractions melted the heart of his captor's daughter, a sweet Mohammedan, who enabled him to escape, not, however, until she had obtained a promise from Gilbert that as soon as he had settled in his own land he should send for and marry his protectress.

But Gilbert sent no message to the lovely damsel. She resolved to proceed to England, not to institute a suit for mutilated affections, but to remind him of his engagement. This enterprise, perilous indeed in that day, she accomplished. She knew nothing of the English language save the one word "Gilbert," the name of her lover, and that he dwelt in Cheapside, London. Repeating the name of Gilbert to all she met she finally found him, a most clever piece of amateur detective work for that early day, and having found him he made his promise good. Before marriage she professed her conversion to the Christian faith, and was baptized in St. Paul's cathedral, no fewer than six bishops assisting at the ceremony.

Gave the Thing Away.

Harry—I understand Gertrude married a man who made a big fortune by a lucky speculation in soap.

Grace—Yes, and he disgraced her while they were on their honeymoon.

Harry—How did he do it?

Grace—Gertrude wanted the other passengers to think an ocean voyage was an old story to them, when her husband, almost as soon as they were on board, pointed to a row of life preservers, and asked the captain what was the idea of the extra tires.

Her First Thought.

The other day a lady was knocked down in Regent street by a horse, but happily escaped with a few scratches.

A gentleman rescued her and said: "Can I get you anything?"

She (much out of breath and gasping with excitement)—Oh—oh—can you kindly get me—

He—Some brandy?

She—No—not drink—some safety pins. I feel I'm falling all to pieces.—London Times.

Cornice and Roofing Co. Raises Large Flag

The Decatur Cornice and Roofing Company is expecting the arrival today of a very large and handsome American flag which will fly from the flagstaff recently placed on its plant. The flagstaff, an unusually attractive one, was built at the company's plant here. The flag will be visible for a long distance.

BIRTH.

Born to Mr. and Mrs. Robert Blackwell, a daughter, April 12th.

Old Glory To Wave Over Wheeler Park

Flagstaff Has Arrived and Flag Is Expected Soon.

Old Glory will soon wave over Wheeler Park, the triangular bit of ground at the head of Second avenue, where bristles the historic Spanish-American war cannon which was presented to the city of Albany, Maj. Chas. Bassett, who ordered the flag and staff, announced today that the flagstaff was here and that the flag was expected early next week. The total cost was \$75, and this sum Maj. Bassett expects to raise by public subscription.

Convicts To Repair The Moulton Road

Men Were Moved to New Territory Friday for Considerable Stay.

The county convicts, about 20 in number, passed through the Twin Cities yesterday en route to the Moulton road, where they will be engaged for some time in repairing and improving that stretch of roadway. They will camp a few miles out near the Bussey place.

The Moulton Pike is one of the principal thoroughfares of the county.

Good Farmer Wanted; Land Is Rent Free

A citizen of Morgan county who resides on Route 2, Albany, a few miles out, has 25 acres of land that he wants planted in peas. Furthermore, he will donate the use of the land to any person who will sow it to peas, and will go this one step better by furnishing a mowing machine and rake for harvesting the crop. Of course a patriot like this is modest about the use of his name. However, the address can be obtained from the Daily office.

(Continued from Page One.)
welcome. He called attention to the industrial supremacy of Albany, saying that the L. & N. shops were the largest with one exception south of the Ohio. He also spoke of this district being a great cotton distributing center and of the local cotton oil mill business. Dr. Mays kept the delegates laughing most of the time.

Two most graceful responsive addresses were made. The first by Karl Platowaky, of Birmingham, who is the recording secretary of the convention, and the other was by the chairman, C. A. Wagner. David Gibson in behalf of the executive committee, made a number of announcements near the close, including an invitation to go on the big automobile excursion of this afternoon. The closing exercises of the church meeting last night was a congregational singing of "America" with the singers standing.

Boy Scouts Active.

Invaluable assistance in receiving the delegates was given by the Boy Scouts of Albany and Decatur, who met every train and escorted the visitors to the homes where they are to be entertained during their stay here. The Boy Scouts put up a good appearance in the khaki uniforms and their soldierly like bearing and kindly courtesy won for them many words of commendation.

Cotton Consumption Slightly Decreased

(International News Service.)
Washington, April 14.—The census bureau report today shows cotton exclusive of linters consumed during March 602,230 running bales in 1917, compared with 613,754 for 1916, of which 340,511 bales were consumed in cotton growing states in 1917, and 335,397 in 1916.

2,000 Contributors of \$1 Each Urged to Help The Hospital

All subscriptions to the Benevolent hospital will be received by F. A. Bloodworth, cashier of the Morgan County National Bank, according to announcement made today.

The campaign to raise \$2,000 for the hospital is starting off slowly, but hospital leaders hope that they will be able to raise this amount which was recommended by a committee of six prominent citizens of the Twin Cities.

One of the hospital leaders suggested today that there should be 2,000 men in the cities who are willing to give \$1 each for the hospital cause, making the \$2,000 easily. Dollar contributors are therefore urged to come forward and leave their money at the bank.

U. S. COMMISSIONS TO GO TO EUROPE'S CAPITALS FOR WAR

(International News Service.)
Washington, April 14.—The last vestige of doubt that America is in the world war with both feet and that the United States will wage war against German in full co-operation throughout with the entente allies was swept away today when it was officially announced that American commissions will, in the near future, be sent to the allied capitals of Europe—London, Paris, Rome and Petrograd.

These commissions will probably remain there permanently until the war is ended, directing American interests and arranging full co-ordination of effort with the allies to remove Prussian militarism and as President Wilson stated, "make the world safe for democracy."

House Is Opposed To The Draft Plan

Chicago Tribune Poll Shows Conscription May Fail.

(International News Service.)
Chicago, April 14.—The houses of congress are markedly divided on the subject of raising the new national army of 1,000,000 men by selective conscription, according to a poll by the Chicago Tribune.

The balance of power, the Tribune finds, lies in the hands of those senators and representatives who refused to commit themselves.

The figures are: Senate, 44 senators in the affirmative, 6 in the negative; 26 declined to commit themselves and 20 were absent. House: 136 favor conscription, 186 oppose it, 115 were non-committal, 67 doubtful and 27 absent.

Federal Control Of Roads To Result From War Move

(International News Service.)
Chicago, April 14.—Government ownership or operation of railroads looms up as a result of the world war, in the opinion of Frank A. Vanderlip, president of the National City Bank of New York, who is in Chicago.

The amended Adamson bill now before congress paves the way for full government control, he declared today. Mr. Vanderlip declared that in his opinion if the government took over the railroads they would never be returned to the owners in the present form.

Decatur Authorities Believe Many Negroes Killed In North

Third Message Telling of Death is Received This Morning By Mayor Nelson

The supposition that many hundreds of negroes who go north to work in the munitions plants and to settle in the slums of the large cities meet death by violence, accidental explosions in factories and other such means, in large numbers was strengthened this morning in the Twin Cities when Mayor James A. Nelson received the third letter from the north telling of the death of local negroes.

Mayor Nelson received a similar letter two weeks ago and Chief of Police Carriger recently got a telegram telling of the death of a Morgan county negro.

The letter received today by the mayor was anonymous. It is as follows:

Portsmouth, O., April 12, 1917.
1016 East Eleventh St.
Mayor,
Your Honor:—
Please investigate if Mac Rivers alias Earl Hartman, has relatives or is known there. If so, please communicate with me, so I can tell them of his accidental death, which occurred Saturday, April 7, 1917. Address mail as above.
